- Panic alarm
- IT

June 2016 – August 2016

Compass Services Group, Team leader responsible for a group of 7 engineers.

March 2015 – May 2016

Shaun Bell Electrical, Working on commercial and industrial projects in and around the North West.

This work has covered most containment systems and wiring up to 240mm.

In this capacity I have been responsible for sourcing the majority of materials required as well as liaising directly with customers explaining what works we will be carrying out and how to best to achieve this with a minimum of disruption.

August 2009 – March 2015

Places for People, working on domestic properties in the social housing sector. This covers reactive and proactive work. For the past 18 months I have also been the NICEIC Electrical Qualifying Supervisor for the North West area. This included ensuring that electricians follow the Electricity at works Regulations, BS7671 and company policy. In this capacity I also carried out post inspections on completed work and carried out electrical on site audits to ensure electricians are complying with the for-mentioned regulations. I also carried out pricing of small works. Dealing directly with customers was also a key part of my duties becoming part of the job.

August 2008 - August 2009

Self Employed Electrician registered on the NAPIT full scope scheme.

May 2005 - August 2008

Phil Rogerson's Limited: Covering Domestic, Commercial and Industrial installation and maintenance work.

September 2004 - May 2005

Self Employed Electrician

September 2003 - September 2004

Terris Electrical Limited: Covering Domestic, Commercial and Industrial installation and maintenance

September 2000 - September 2003

Taylor Electrical: Covering Domestic and Commercial installation and maintenance

Hobbies:

These include Camping, Walking and Spending time with my Children
