Reference: Assistant Quantity Surveyor

I graduated at the University of Bolton studying Quantity Surveying and Commercial Management. I am currently working as a assistant quantity surveyor at a company called Urban Vision based in Salford. I would like to take this opportunity in applying for the role as a Assistant Quantity Surveyor.

I have so far enjoyed the experience and knowledge gained working in the construction industry. I would very much like to put into practice what I have learnt so far and be considered as an asset to your company.

Furthermore I look forward to hearing from you, and do hope you find my CV to be of interest.

Regards,

Yusuf, S, Zarin
