Re: Architectural Technologist Vacancy

Dear Sir / Madam,

I am writing in response to an advertisement on your company website for an architectural technologist.

As you will note from my enclosed CV, I have experience on a wide range of construction projects. However, i have primarily worked on various social housing schemes in more recent years. I do have some experience in designing / planning housing development layouts and as such, I would be happy to be considered for the 'architectural designer' role, subject to your requirements.

In terms of drawing packages, I have worked mainly with 'Vectorworks' in my current job although I am familiar with 'AutoCAD' from my previous employment.

If you have any queries or require any additional information, please do not hesitate to contact me.

Yours Sincerely,

M S Jennings
