Dear Sir or Madom,

I am writing to express my interest in the Senior Engineer position at Story Homes, as advertised on your website. With a background in civil engineering and a keen eye for detail, I am confident that I can contribute effectively to your team.

Having worked on various projects, I understand the complexities of delivering engineering solutions across different sites. I specialise in highway, open space and sewer adoptions, with a focus on managing remedial works and road surfacing through to final handover.

I have worked in the industry for 25 years and hold an HND in Civil Engineering. My knowledge and experience have helped me to gain membership into The Chartered Institution of Highways & Transportation and The Institute of Asphalt Technology.

I am excited about the opportunity to contribute to Story Homes' success. Please find my attached CV for further details on my qualifications and experience.

Thank you for considering my application. I look forward to discussing how my skills align with your needs.

Yours faithfully,

Jay Brewer
