Manchester, United Kingdom

PROFESSIONAL SUMMARY

Experienced Civil Engineer with a proven track record in construction management, project deliver and design adherence. Proficient in leading cross-functional teams, ensuring Health Safety and Environment Compliance and utilizing advanced design software. Adept in driving quality-driven solutions within regulated industries, demonstrating exceptional technical acumen and proven track record of success. Seeking a challenging role where I can contribute my technical expertise and project management skills to develop innovative and cost-effective solutions within regulated industry.

SKILLS

- Project Management
- Construction Management
- Effective Communication
- Quality management systems
- Contract Negotiation
- Cost estimations
- Microsoft Office Suite
- Structural Analysis and design
- CAD Software (AutoCAD)
- Adaptability/ Team work
- Efficient Team Management
- Safety Management
- Customer Service Relations
- Technical Knowledge of Structural Repairs
- Effective budgeting and costing
- Process Improvement

PROFESSIONAL EXPERIENCE:

Best Western Cresta Court Hotel, Manchester, United Kingdom

Assistant Maintenance Engineer

May 2023–Present

- Perform maintenance and repair of HVAC systems, plumbing, electrical, and other building systems to ensure optimal performance and energy efficiency.
- Conduct regular inspections, identifying potential issues, and implementing proactive maintenance strategies to minimize downtime and disruptions.
- Utilize an excellent problem-solving and critical thinking abilities, enabling me to quickly diagnose and resolve complex maintenance challenges.
- Coordinate with vendors, contractors, and internal teams to facilitate seamless project execution and maintain high standards of service.
- Regularly commit to adhering to all relevant safety regulations and implementing best practices to ensure a safe and secure environment for guests and staff.
- Utilize strong communication and interpersonal skills, allowing me to effectively collaborate with cross-functional teams and provide exceptional customer service.
- Responded to building emergencies and managed repairs within required timeframe.

Shanxii Construction Company, Nigeria

April 2019 – May 2023

Project Engineer

- Facilitated construction activities for the refinery construction of air blower room, staff housing among various projects.
- Led and managed infrastructure projects involving concrete structures, overseeing design, planning, and execution phases.
- Applied technical expertise to diagnose and address structural issues, ensuring efficient and effective repairs.
- Efficiently managed multiple project teams, delegating tasks, setting priorities, and ensuring timely completion.
- Utilized technical knowledge to address structural repair requirements, preserving the integrity of projects.

- Implemented rigorous Health and Safety measures, including Behavioral Safety protocols, to ensure a safe working environment.
- Analyzed and interpreted construction designs and specifications created in AutoCAD and SolidWorks.
- Collaborated on infrastructure schemes, actively contributing to concrete structure-related projects.
- Performed pre-construction, quality and safety management, as well as constructability review, start-up and commissioning.

Mastal Project Consult Limited

November 2017 – March 2019

Graduate Civil Engineer

- Monitored and execute renovation works, construction of student hotels and installation of power line and transformer.
- Checked and reviewed plan and specification for proper construction and implementation of job sites.
- Checked form work, reinforcement and all embedded item, ordering concrete material and reinforcement.
- Calculated load levels and material stress factors using design software to identify design constraints.
- Analyzed survey reports, maps, blueprints and other topographical and geologic data to effectively plan infrastructure and construction projects.
- Facilitated construction by mapping out utility installations and establishing reference points, grades and elevations.
- Successfully contributed to infrastructure projects involving concrete structures, from initial assessment to final delivery.
- Performed pre-construction, quality and safety management, as well as constructability review, start-up and commissioning.
- Enforced Health and Safety standards, instilling a culture of safety awareness among team members.
- Tracked project status from start to finish and ensure compliance with all design requirement.

MRS Construction Company

February 2015 – October 2017

Assistance Site Supervisor

- Maintained confidential documents as per organization policy for smooth operations.
- Involved in site layout, setting out, site record and inspection of work done by artisans.
- Assisted in managing teams, effectively coordinating resources and tasks to meet project objectives.
- Involved in the quality control for concrete batching of the construction work.
- Assisted the site supervisor with the interpretation of all the structural drawing used in the construction.
- Provided observations, took measurements and performed tests at various stages according to quality control plan.
- Played a key role in promoting Health and Safety compliance, fostering a safe working culture.

PROFESSIONAL QUALIFICATION AND MEMBERSHIP

- Corporate Member, Nigeria Society of Engineers (MNSE)
- Corporate Member, Council for Regulation of Engineering in Nigeria (COREN)
- Health, Safety and Environment. CITB United Kingdom (2023)
- Construction Skills Certification Scheme (CSCS) for Managers and Professional, United Kingdom (2023)

EDUCATION

• **Bachelor of Science, Civil Engineering**

Obafemi Awolowo University, Osun State, Nigeria

2010 -2015

• **West African Senior Secondary School Certificate (WASSCE)**

Federal Government College, Ogbomosho, Oyo State, Nigeria,

2002-2008
