Dear Hiring Manager,

I am writing to express my strong interest in the Graduate Architectural Designer/Technologist role at Story Homes in Carlisle. With a recent Master's degree in Architectural Design from the University of Sheffield and a solid background in architectural practice, I am eager to bring my skills to your team and contribute to the creation of high-quality homes that embody Story Homes' commitment to excellence and innovation.

I am particularly inspired by Story Homes' dedication to building homes that people aspire to live in, which aligns with my passion for designing functional and aesthetically pleasing spaces. Your focus on constructing houses that stand out for their quality and character resonates with my career aspirations, and I am excited about the opportunity to contribute to this mission.

Throughout my academic and professional journey, I have honed my ability to create detailed designs that enhance modern living. My experience spans various sectors, including residential, commercial, and healthcare projects in both the UK and India, equipping me with the expertise to design flexible, aspirational layouts that meet contemporary needs.

In my work at the Montgomery Theatre in Sheffield, I was responsible for managing all phases of the architectural design process, from initial concept to construction documentation. This experience, combined with my proficiency in AutoCAD, Revit, and other design software, makes me well-suited to contribute to the design, coordination, and production of Story Homes' standard house types. Additionally, my strong understanding of the regulations and legislation that influence design ensures that I can produce technical construction drawings with accuracy and compliance.

Alongside my technical abilities, I possess strong communication and teamwork skills, which were further developed in my role as a Well-Being Officer, where I promoted a positive and collaborative work environment. I am confident that my attention to detail, proactive approach, and passion for high-quality design will make me a valuable addition to your team.

I have attached my CV, which provides further details on my qualifications and project experience. I am eager to discuss how my background and skills align with the needs of Story Homes and to explore how I can contribute to your team.

Thank you for considering my application. I look forward to the opportunity to discuss this role in more detail.

Sincerely,  
Abinaya
