SUSTAINABLE LIVING

As a company Story Homes is committed to reducing energy, water and waste in the homes we build, on our construction sites and in our offices.

As well as being sustainable, our homes could save you money and you'll be helping the environment. A new build property is greener and more economical to run than an older property as it uses less energy and produces significantly lower CO2 emissions.

Each home at Aspen Grange is installed with a smart meter, allowing you to analyse your energy consumption. Together with water saving appliances, thermally efficient building materials, the overall energy demands of our houses are reduced - in fact a new home could save you up to £1,410 per year.*

The benefits of a new home could include:

- Lower running costs
- 'A' rated kitchen appliances (Majority of appliances)
- Dual flush toilets
- All homes have 100% energy efficient lighting

We create sustainable communities ensuring:

- Close proximity to essential amenities including schools and shops
- Good access to public transport
- Streets that are pedestrian, cyclist and car friendly
- Secure private spaces and pedestrian routes^

**A 4-bed detached Victorian house with some modern improvements has average yearly energy costs of £2,160. Whereas, the equivalent new build home that has been built to 2013 Building regulations could have average yearly energy costs of £1,050, saving £1,110 per annum. SOURCE: new-homes.co.uk.*

^Our rear gardens are safe and secure for families to play in and the majority have a 1.8m high boundary fence/wall. We also incorporate cul de sacs into our developments to reduce traffic speeds.

AWARD WINNING

For the fifth year running Story Homes has secured a top '5 Star' rating in the house building industry's annual customer satisfaction survey. A 5 star rating is judged upon results from our customers, we regularly receive fantastic feedback from them which we review and use to help us make continuous improvements to our homes and our after sales service.

We are proud that this has been recognised by the national house building industry and highlights that we continue to offer our customers the highest level of customer service.
