***STRONG.

***AS A BUSINESS, WE GO

Homes that are not only strong in build, but in character too.

Story homes challenge the conventions of the mass-produced, standing apart from the crowd. There's all the features that make a Story home unique. The space we leave between each home, and footpaths that little bit wider, because that's what people need. Even our front doors are different colours. And the best combinations of bricks, render and stone are used, with considered design features at every turn.

With a brand new Story home, you will find there are no compromises on quality, no corners cut – just solid, beautiful homes.

Of course, every home is unique. But with a new Story home, you'll discover some elements are shared. Like open-plan living areas that radiate light and space. Well-designed kitchens that deliver practicality and durability. Beautifully designed bathrooms and en-suites that take centre stage. And there's also French or bi-fold doors that are included as standard, helping to create a seamless link between your home and garden.

What's more, when you buy a new Story home, you have the opportunity to personalise your home even further with our choices, upgrades and optional extras which can be incorporated seamlessly into your new home.

But it's not only our premium specification that's well considered. Our homes are built with sustainability in mind, with the aim of helping the environment and saving you money.

A new build is more economical to run than an older property. It uses less energy and produces significantly lower CO2 emissions, meaning lower running costs, and a saving of up to £1,410 pa on a 4-bedroom detached new build property.* Energy saving features could include:

- High levels of thermal efficiency
- 'A' rated kitchen appliances (majority of appliances)
- Dual flush toilets
- 100% energy efficient lighting

Each home at Priory View is built with thermally-efficient building materials, and has a smart meter installed, so you can monitor your energy consumption. This, along with water-saving appliances and an airtight design, will give you all the benefits of a new build home.

*A 4-bed detached Victorian house with some modern improvements has average yearly energy costs of £2,460. Whereas, the equivalent new build home that has been built to 2013 Building Regulations could have average yearly energy costs of £1,050, saving £1,410 per annum. SOURCE: new-homes.co.uk.

We have been successfully building high quality homes that stand out from the crowd for over thirty years. We would not be where we are today without our people, our craftsmen, our suppliers, our charities and of course, our customers.

Our passion, commitment and enthusiasm drives our 'can do' attitude to be the best. We are one team, working together to 'do it right' and our exceptional quality and attention to detail runs through everything we do.

Customer satisfaction has always been one of our key strengths, and we regularly receive superb feedback from our customers which we use to help us make continuous improvements to our homes and our after-sales service.

TAKING CARE OF YOU

Our reputation is firmly built on the quality of our exceptional homes and our high standards of customer service. Before you move in, you'll be given a comprehensive 'Home Information File' that explains everything about your new home and what you can expect from our Customer Aftercare team.

You will also receive a home demonstration from your Site Manager, who will answer any questions you might have about your new Story home. Your Site Manager and your Sales Executive will become your main points of contact in the first few weeks of owning your brand new home.

GOING THE EXTRA MILE

We pride ourselves on providing a friendly, easily accessible, knowledgeable and efficient service for our customers. And as well as care and support from our Sales team during your purchase, our local and dedicated team of advisors and technicians will also be here to take care of you after you have moved in.

Your Site Manager will contact you in the days following completion, and then again during the first few weeks you are in your home. This is to ensure everything is as you would expect your new Story home to be.

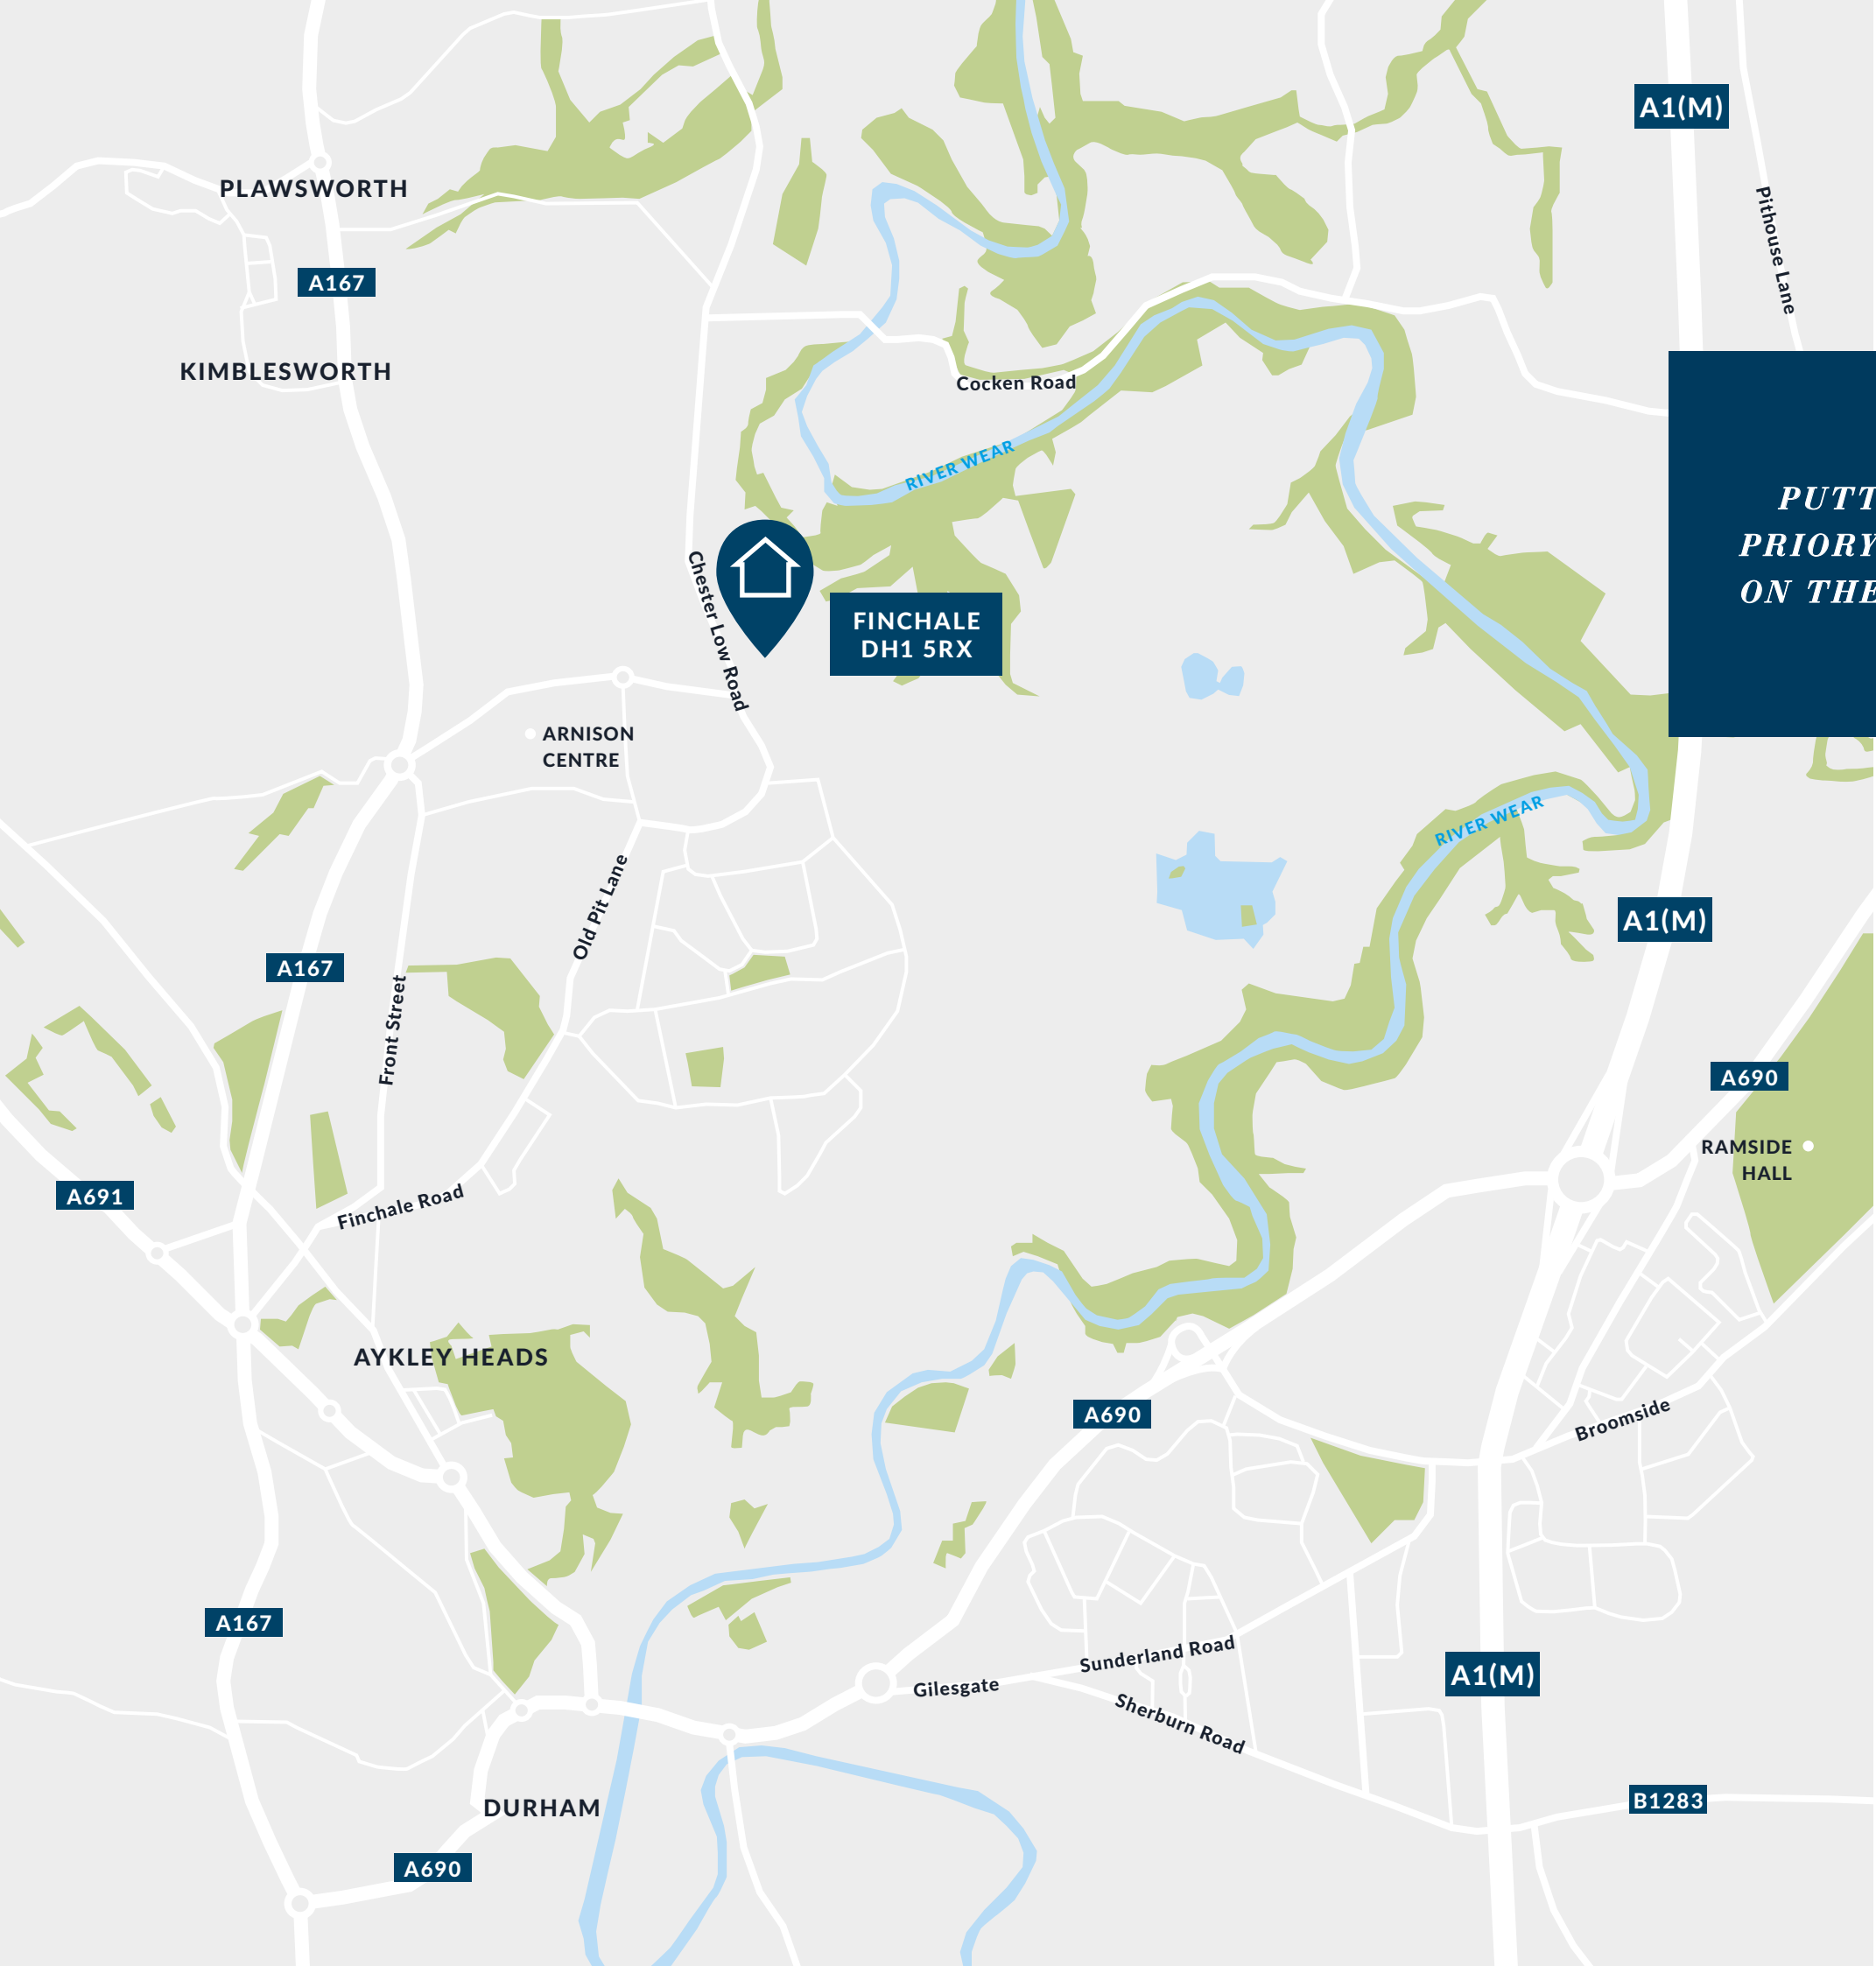

Our Customer Aftercare team will call you directly to introduce themselves. We provide dedicated and responsive aftercare for two years after buying your Story home, in addition to your 10-year build warranty, so you can rest assured you are in safe, professional hands with us.
